EDUCATION

AFRICAN LEADERSHIP UNIVERSITY (ALU) Kigali, Rwanda

Candidate for Bachelor of Science (Honors) in Software Engineering *Expected Graduation: 2029*

- **Academic Performance:** Cumulative GPA of 4.33 / 5.00, representing top-tier performance bracket across core engineering milestones.
- **Selected Technical Coursework:** Introduction to Python Programming & Databases (91.45%), Advanced Computational E-Lab (91.44%), and Systems Thinking & Reflective Analysis (88.27%).

BULINGA TECHNICAL SECONDARY SCHOOL Kigali, Rwanda

A2 National Advanced Diploma in Software Development *Graduated August 2024*

- **Curriculum & Honors:** Focused core track in localized software architectural logic, algorithmic compilation bases, hardware systems diagnostics, and practical desktop applications optimization.

EXPERIENCE & LEADERSHIP

STRIDE RUNNING COMMUNITY Kigali, Rwanda

Founder & Organizing Director *2025 – Present*

- Envisioned, launched, and managed a high-impact localized athletic network focused on physical endurance and communal mental discipline.
- Oversee all operational execution, cross-district safety protocols, and strategic outreach initiatives, scaling community inclusion across Kigali.

GOTBUNS LTD Kigali, Rwanda

Customer Logistics & Service Attendant *October 2025 – Present*

- Coordinate inventory fulfillment tracks and synchronize real-time frontline consumer orders with back-of-house kitchen units in a fast-paced environment.
- Mitigate service delays and optimize client relationship funnels by managing technical communication and conflict resolution operations under strict pressure.

ALX AFRICA / ALX RWANDA Kigali, Rwanda

Admissions Operations Agent & Strategist *February 2025 – December 2025*

- Executed metrics-driven outreach campaigns to onboard prospective technical fellows into advanced regional computer science programs.
- Analyzed applicant data pipelines and addressed complex hardware orientation issues to clear pipeline blockages across tight admissions milestones.

ACTS 4 RWANDA Kigali, Rwanda

Technical Volunteer & IT Instructor *December 2024 – Present*

- Architect and deliver targeted computer literacy training and core operating system logic modules to local youth cohorts.
- Implement basic network infrastructure mapping and manage desktop hardware configurations for student labs.

SKILLS, CERTIFICATIONS & INTERESTS

Technical & Programming: Python, Linux/Unix Shell Scripting, PHP, Relational Databases (SQL), Web Application Architecture, Fundamental IT Systems Troubleshooting.

Design & Operations: Digital Graphics Optimization (Adobe Photoshop), Audio-Visual Event Management, Advanced Data Tracking (Microsoft Excel/Word).

Certifications: Artificial Intelligence Fundamentals (Udacity, 2025) • Data Analysis Fundamentals (Udacity, 2025) • Pathway Leadership Foundations (ALX Africa, 2025) • Software Development Architecture (Nova Services, 2023).

Languages & Interests: Fluent in English. Passionate about Endurance Running, Long-distance Community Organizing, Interdisciplinary Storytelling, and English Rhetoric.
